

## Works of Literature It Is Suggested All High School Students Read Prior to College

The following is a list of suggested books for high school students to read prior to entering college. Please choose each novel as a family with parental input; many of these books are college preparatory and contain secular themes and material. None of these are required; they are only suggestions that have been compiled by various sources as novels colleges would like for students to have read before entering the university level. This is by no means an exhaustive list. Please feel free to read anything of your liking; this is just a starting point.
