Re-enrollment is **NOT** offered to students whose financial obligations for the current school year are past due.

VI. Financial Assistance

Statesville Christian School desires to provide affordable and quality Christian education. The purpose of Tuition Assistance is to expand the number of families who enroll their children at SCS, who may not have the fiscal capacity to pay full tuition. Using the FACTS system for determining eligibility, a committee will make all decisions related to the awarding of tuition assistance. The request for tuition assistance is made through an application using FACTS. Tuition assistance amounts are awarded for the period of one school year based on documented financial need.
